Five OCAG Professionals Achieve CISA Certification through the EU-Funded Project "Support the Implementation of the PFM Reform Strategic Plan in Bangladesh"

We are proud to announce that following five outstanding professionals from the **Office of the Comptroller and Auditor General (OCAG)** have successfully achieved the globally recognized **Certified Information Systems Auditor (CISA)** certification!

- **Mr. Md. Mamun-Ul-Mannan**, BCS (Audit and Accounts), 24th Batch
- **Mr. Bulbul Singha**, BCS (Audit and Accounts), 27th Batch
- **Mr. Zahirul Islam**, BCS (Audit and Accounts), 30th Batch
- **Mr. Bijoy Majumder**, BCS (Audit and Accounts), 38th Batch
- **Mr. S. M. Nazmus Salehin**, Programmer, OCAG

This remarkable achievement reflects their dedication, perseverance, and commitment to strengthening **governance, transparency, and IT auditing in the public sector**. The **EU Technical Assistance Project** has played a crucial role in supporting this capacity-building initiative, enabling professionals to acquire globally recognized certifications that enhance **audit excellence and public financial management**.

OCAG extends its heartfelt congratulations to these professionals for reaching this significant milestone. Their expertise will undoubtedly contribute to reinforcing **audit standards** and **advancing IT auditing practices** in Bangladesh.

We sincerely appreciate the **EU Technical Assistance Project** for its continued support in building a skilled and future-ready audit workforce.

Congratulations once again!

Empowering excellence in audit! Congratulations to our **CISA Certified Auditors** at the OCAG – setting new standards in public financial management!
